

Job Description

Position Title: Certified Veterinarian Technician

FLSA Status: Non-Exempt

Position Reports to: Managing Certified Veterinary Technician

Full Time/Part Time: Full Time

Date: March 1, 2022

Position Overview

Save the Chimps operates the largest privately funded chimpanzee sanctuary in the world. Located on nearly 150 acres on the Treasure Coast of Florida, the Sanctuary provides high quality clinical and lifetime care and enrichment for chimpanzees rescued from research laboratories, entertainment, and the pet trade.

Save the Chimps was established in 1997 and is home to over 200 chimpanzees. The work of the organization is accomplished by a nonprofit board of directors, more than 70 full-time employed staff, and a number of community volunteers.

Save the Chimps is looking for a Certified Veterinary Technician to join our growing team. We are looking for a compassionate employee who is able to work both as a team member and independently. Applicants must be available to work full-time which may include one weekend day.

The following is a list of the job responsibilities. Veterinary technical proficiency is required, but primate experience is not. We are willing to train the right individual.

Essential Job Functions

Clinical Procedures

- Phlebotomy, blood typing
- IV catheter placement and IV fluid set-up and monitoring
- Intra-arterial catheter placement
- CRI calculations and syringe pump use and monitoring
- Induction, intubation, maintenance and monitoring of anesthesia including a detailed written anesthesia log

- Minimum of three years of full-time clinical experience as a veterinary technician

Physical Requirements

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

- While performing the duties of this job, the employee is occasionally required to stand for long periods of time; walk; sit; use hands to finger, handle, or feel objects, tools or controls; reach with hands and arms; climb stairs; balance; stoop, kneel, crouch or crawl; talk or hear; taste or smell. The employee must occasionally lift and/or move up to 50 pounds. Specific vision abilities required by the job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus.
- Able to drive and operate golf cart or other vehicles for use on sanctuary property.
- Must be able to run and swim in the face of danger.

Environmental Requirements:

Tasks are regularly performed with potential for exposure to adverse conditions, such as dirt, dust, pollen, odors, wetness, humidity, rain, temperature and noise extremes, machinery, vibrations, animals/wildlife. Employees must not object to unpleasant chimpanzee behaviors including spitting of water or saliva, throwing of feces, food or other waste, and chimpanzee displays that may include banging, kicking of the mesh barrier, and loud screams or hooting. Work outside in inclement weather, if needed.

Save the Chimps is an equal opportunity employer and considers applicants for all positions without regard to race, color, religion, creed, gender, gender identity, national origin, age, disability, marital or veteran status, sexual orientation, or any other legally protected status.

Must be able to pass a pre-hire drug screen and a criminal background check. Also due to the safety risk to the chimps, it is an essential function of the position to have received the COVID-19 vaccine series along with several other vaccinations and have a negative Tb test.

Interested applicants should send resume and cover letter to: hr@savethechimps.org
